

# D.C. Government Leave Programs for COVID-19

This chart represents three scenarios under which an employee may be eligible for leave for reasons related to COVID-19.

Employees who work at agencies that provide emergency response or healthcare provider services may not be eligible for COVID Sick Leave but are eligible for the unpaid leave categories and for PFL as listed above. \*FMLA may concurrently be designated under the assumption that the employee's basis for leave constitutes a qualifying event under FMLA.
